Welcome to your new chip and PIN CASH PASSPORT™

PREPAID MASTERCARD® CURRENCY CARD

Here are some easy to follow instructions
on using your new Cash Passport

Before you go – this bit's important!

Please sign the back of your Card as soon as you get it, then memorise your PIN. For a PIN reminder, you can phone Card Services, or register your Card on 'My Account' at www.cashpassport.com at any time. Please note that you cannot change the PIN.

How to use your Cash Passport

MasterCard® Cash Passport is now chip and PIN protected to allow you more secure access to your money worldwide. Designed for overseas travel, you can use your Cash Passport, just like a debit card, at merchants worldwide, including restaurants, shops and entertainment venues, displaying the MasterCard® Acceptance Mark. Simply sign the receipt as usual or, if the merchant can support it, enter your PIN at the point of sale terminal. You can also use your Cash Passport at ATMs worldwide displaying the MasterCard® Acceptance Mark. Just enter your PIN and how much cash you would like to withdraw. After that, all you have to worry about is what to spend your money on.

Checking your balance

Simply go to 'My Account' at www.cashpassport.com, register your Card and you'll be able to see your Cash Passport balance and recent transactions. Alternatively, you can call Card Services and use the

automated balance service. Some ATMs also provide balances, however if the local currency of the ATM is not the same as the currency on your Cash Passport, the exchange rate used by the ATM to calculate the balance of the Card may be different to that applied to your Card and a slight variation may occur.

Reloadable*

Please note that it is an exchange control requirement that all unused foreign exchange is converted into Rand within 30 days of returning to South Africa. We recommend that you wait until 10 days after your last transaction before converting the currency on your Cash Passport back to Rand to ensure that all your transactions have been processed to avoid overspending on your Card. You can withdraw the balance remaining on your Card at ATMs worldwide displaying the MasterCard Acceptance Mark®. Alternatively, you can take your Card back to the branch where you bought it and they'll refund the balance. Even with a zero

balance, your Card is still valid (see expiry date on the front of the Card), and you can reload it for your next trip. Just take your Cash Passport, a valid ID, your valid passport, proof of travel, proof of residence and payment to the branch where you first purchased it, and they will reload the Card for you. Your Card is valid for at least three years (see the expiry date on your Card) and reloadable as many times as you want – within the limits and restrictions of your Card.

**Local Exchange Control Regulations issued in terms of the Currency and Exchanges Act 9 of 1933 and the provisions of the Financial Intelligence Centre Act 38 of 2001 apply.*

What if my Card hasn't got enough money on it to buy something?

Sometimes you might see something that's that little bit more than you've got available on your Card. That's OK; if the

merchant supports partial payments, you may be able to pay the difference with another MasterCard or some other way. Just make sure you tell the cashier before paying and confirm the amount you want to be deducted from your Card. The cashier should process your Cash Passport payment first, and then accept the remainder of the balance in whichever way you want to pay it.

Dynamic Currency Conversion Payments

Dynamic Currency Conversion (DCC) is an optional service that is sometimes offered by foreign retailers and ATM operators, giving cardholders the choice of paying in either the currency of the country they are visiting or their own domestic currency, e.g. South African Rand.

If you make a purchase or ATM withdrawal in the country of your Card's currency, e.g. using a Euro Cash Passport in the Eurozone and are offered DCC, please do not take it. Please opt to pay in the local currency, not South African

Rand, to avoid paying an additional exchange rate. DCC can also be applied to any South African issued card, including credit and debit cards, when used abroad.

What if my Card is declined?

Normally the only time this will happen is if you don't have enough funds on your Card to cover the cost of the purchase. You may be able to use the balance on your Cash Passport, however, for part payment and complete the purchase with another payment method.

Additional and Secondary Cards

For peace of mind on your holiday, you may request an Additional Card and keep it as a back up.

You may also request a Secondary Card linked to the same funds, for a friend or relative to use. Please see the Terms and Conditions or visit www.cashpassport.com for more information.

Important Advice regarding:

1) Tips, service charges and other variable costs

- When using your Cash Passport as payment at certain locations (usually restaurants and cafés), the merchant or service provider may add an additional 10% - 20% to cover tips, service charges or other variable costs.
- In addition, when you use your Cash Passport to purchase fuel at an automated fuel pump there must be a minimum balance of GB£50, or the currency equivalent, on your Cash Passport.
- To make a telephone call, there must be a minimum balance of 10% of the cost of the call on your Cash Passport.
- It may take up to 7 business days from the date of your purchase before the balance is available again.
- In all instances, only the final amount authorised by you will be debited from your Card.

2) Hotel reservations, vehicle rental and cruise lines

- We do not recommend using your Cash Passport to authorise payments (usually for hotels, car hire and petrol stations). These companies may estimate the bill and then hold the amount for up to seven days, during which you can't access or spend those funds. You can, however, use your Cash Passport to settle your final bill.
- When you settle your final bill, the merchant or service provider usually releases the hold on these funds. However, it may take up to 7 days for the "held" amount to clear and to be available to you to spend.
- Cruise lines will not accept your Cash Passport for establishing an on board spending account when checking in. However, your Card can be used in most instances to settle your final bill.

Your Cash Passport, once loaded, gives you easy access to local currency worldwide wherever you see the MasterCard® Acceptance Mark. Please read this User Guide and Terms and Conditions thoroughly and we hope that you enjoy using your Cash Passport.
